SUMMARY

I am holding an Australian Skilled-Regional (Provisional) visa 489 with live, work and study rights now awaiting my Permanent Residency (PR) application outcome. As an aspiring developer, I am currently enrolled in a Diploma of IT (Advanced Programming) at TAFE SA having previously studied in Singapore and Australia. In Singapore, I earned awards in yearly national and international robotics competitions as a vice-president and secretary of publicity of my secondary school's robotics club. In Australia, I was appointed as a head prefect and maths prefect, organizing events and designing promotional content in senior high school.

KEY SKILLS & COMPETENCIES

- HTML/CSS, Python, C#, PHP, Java
- Critical thinking, problem-solving, detail-oriented, communication, teamwork

PROJECTS & EXPERIENCE

Coursework Projects @ [Github Repository](#)

- Developed and designed several coursework projects across various languages that are the highlights of my academic programming journey from July 2024 to June 2025.

Volunteer Student IT Support Desk @ TAFE SA Adelaide City Campus

- Assisted in providing face-to-face IT support to staff and students including password resets and connecting devices to the wireless network, worked under pressure as part of a team, and assisted individuals from non-English speaking backgrounds in February 2025.
